Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Foreign Agriculture, Vol. 9: A Review of Foreign Farm Policy, Production, and Trade; January 1945 This study was made for the purpose of measuring the changes in total production of food crops and livestock products at the farm, not at the consumer level. Hence no effort was made to estimate the effect on total food available for consumption result ing from such changes in processing as, for example, increased extraction rates in the milling of bread grains. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
