

The United Nations: A Very Short Introduction (Paperback)

Filesize: 8.36 MB

Reviews

This book will never be straightforward to start on reading through but quite enjoyable to learn. Better than never, though i am quite late in start reading this one. Your lifestyle span will probably be convert once you complete reading this publication.

(Dr. Kadin Hane DVM)

THE UNITED NATIONS: A VERY SHORT INTRODUCTION (PAPERBACK)

Oxford University Press, United Kingdom, 2015. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. After seven decades of existence has the UN become obsolete? Is it ripe for retirement? As Jussi Hanhimaki proves in the second edition of this Very Short Introduction, the answer is no. In the second decade of the twenty-first century the UN remains an indispensable organization that continues to save lives and improve the world as its founders hoped. Since its original publication in 2008, this 2nd edition includes more recent examples of the UN Security Council in action and peacekeeping efforts while exploring its most recent successes and failures. After a brief history of the United Nations and its predecessor, the League of Nations, Hanhimaki examines the UN's successes and failures as a guardian of international peace and security, as a promoter of human rights, as a protector of international law, and as an engineer of socio-economic development. This updated edition highlights what continues to make the UN a complicated organization today, and the ongoing challenges between its ambitions and capabilities. Hanhimaki also provides a clear account of the UN and its various arms and organizations (such as UNESCO and UNICEF), and offers a critical overview of the UN Security Council's involvement in recent crises in Iran, Afghanistan, Iraq, Ukraine, Libya, and Syria, and how likely it is to meet its overall goals in the future. Regardless of its obstacles, the UN is likely to survive for the foreseeable future. That alone makes trying to understand the UN in all its manifold - magnificent and frustrating - complexity a worthy task. With this much-needed updated introduction to the UN, Jussi Hanhimaki engages the current debate over the organization's effectiveness as he provides a clear understanding of how it was...
