Party Crasher Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Tim Fulmer s Party Crasher Press has always specialized in publishing unusual, highly experimental fiction. Sometimes it s Mr. Fulmer s own fiction, though just as often it s another writer s fiction (for example, most recently the works of Emericus Durden and Tamara Tifareth). Whoever the author is, readers must be prepared for a combination of wild entertainment and mind-bending insight into the flimsy nature of American social reality. His own latest piece of genre-defying fiction combines futuristic time-travel (in post-United States North America), radical feminism, and a classic road movie premise built around two men and a woman driving a Chevy Camaro from Las Vegas to Manhattan, along the way stopping off in Duluth, Minnesota. Told in a series of flashbacks and flash-forwards, the story ratchets up the dramatic intensity by relying on explosive dialogue and physical mayhem between the three lead characters - that is what makes this story a very contemporary romance: the emotional explosions, the constant contact, the philosophical anger, and, finally, the inability to make sexual compromises.
