Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Flora Peoriana: The Vegetation in the Climate of Middle Illinois When we study the history of a country, we ought to be acquainted with its geography, its physiognomy of the landscape, its climate and the physical qualities of its people. All these things will influence the moral character of the people and only in that way, combining cause and effect, we will gain a clear view of its history. Likewise when we study the flora of a country, it is not sufficient to know the names and characteristic qualities of all the species that grow in a certain district; we ought to know the circumstances under which they grow, the topography, the climate, the nature of the soil and the geographical distribution of each species beyond the limits of the country in question. This branch of science, known by the name of phytogeography, is a comparatively new one; it was founded in the first decennium of our century by Alexander Humboldt, when he published, in 1805, his Essai sur la Geographie des Plantes, and in...
