Atlantic Publishing Co, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book. While many of the steps in buying a home are the same as buying a condominium, townhouse, or apartment, there are many critical differences. This new book offers a complete overview of these special, usually smaller, residences. These units can be good options for first-time home buyers, for those who want a vacation getaway, investors, and those who want to downsize their living space. The book covers the entire, unique process of buying one of these shared living houses in an easy-to-understand way, pointing out dozens of hints and suggestion as to what to look for as well as demonstrating the many mistakes common with these types of investments. You will learn how to find the best opportunities, to negotiate, finance, budget, handle pre-construction issues, set values, and make the offer. You will be able to define what you are buying (and what you are not) issues on your right to sell, lease, or mortgage.
