Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

SAGE Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Environments for Outdoor Play: A Practical Guide to Making Space for Children (New edition), Theresa Casey, 'Theresa's book is full of lots of inspiring, practical, 'how to go about it ideas' coupled with thought provoking and sometimes challenging comments and views. The range of ideas and information contained in this book will go a long way to support the development of flexible, imaginative, yet not prescriptive play spaces that contribute to supporting children's play. A very readable and worthwhile publication to add to your resources' - Muriel Young, Grounds for Learning (Learning Through Landscapes) 'This practical book helps the reader plan, design and manage the kinds of settings that afford children the opportunities to carry out the wide range of self-directed activities that are so important to their development. It's ideal for community development workers, the organizers of after-school programs, children's hospital staff and groups of caring parents' - Roger A. Hart, Director of the Children's Environments Research Group, The Graduate School of the City University of New York 'This readable and usable book is full of advice and ideas which will take every professional nearer to understanding the way to provide opportunities for children which the children themselves would want and enjoy. A necessary addition to the bookshelf for all interested in the subject' - PlayRights Journal (online journal of the International Play Association) 'Refreshing and insightful. One of the best things about this book is that Casey offers us a fresh perspective on our role. While we may long for a world where we opened the door and sent children outside to play, we are faced with the reality that, for a variety of reasons, these opportunities are no longer occurring naturally in our communities. It is incumbent upon us now...
