What if history didn t quite play out the way we know it? What would stay the same? What would change? Even in a world where Elves and Humans coexist, there are secrets. Not all the old legends are accurate, but neither are they false. Hidden among the Humans are the Therians, those gifted with the ability to shift into beasts. How long they will remain unseen by Human eyes depends on how well they adhere to their code of life and honor - The Therian Way. When secrecy is vital to survive among Humans and Elves, the Therian Way offers balance. The Fringe, a militant group of discontented Therians, threaten to expose their race to Mankind. It falls to General Baran to track down and remove the Fringe Nest before time runs out. Who can he trust when the fate of his people lies in the Tiger s paw?
