CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 400 pages. Dimensions: 8.9in. x 6.0in. x 1.0in. The reductionist approach of molecular biology has given us detailed descriptions for many biochemical constituents of complex biological systems. For some of the simpler systems nearly the entire parts catalog has been assembled. These developments have set the stage for a new generation of questions -- questions of integration that deal with the relation between behavior of intact...
