## VAUGHN - STEPS FROM THE PAST (PAPERBACK)

AUTHORHOUSE, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.When starting a family history project, where do you begin? For me, the answer is simple: Genesis. Being a man, a man of science, I find that, as I get older, science has proven more and more that the truth is very simple. In the opening statements of Genesis, God created the universe as we know it, created the stars--how is such a thing possible? Being the children of God, you know children are like their creator, full of wonder--wonder, why? Genesis states, -In the beginning God created the heavens and the earth. The earth was without form and void and darkness was over the face of the deep.- As we learn more on just how we got here, along comes a brilliant young scientist named Steven Hawkins. He explains in mathematical ways how the universe started with a big bang, started from nothing, and burst forth faster than the speed of light. Stars formed and gathered together to form galaxies then matter collected to form planets to circle around the stars. There was eternal darkness, and then there were the stars and light. As time passed, God planted the seeds of life. What is time? As we read the Bible, we were always in conflict with time. How do we feel comfortable with the evolution of life and the time frame of the Bible? Here, again, I find the answer is simple. Time, to us, is something we made up to understand what goes on around us; God is on his own time. I like to use baking an apple pie as my example of time and what it takes. Here s the question I ask, how long does it take to bake an...
